QUESTION 1

Nico, is an unmarried 24 year old refugee from Central Africa who left after all his family members were killed due to the civil war. He moved to the country to look for his only surviving brother and has still not applied for permanent residency. He now lives with his brother's family (all illegal immigrants) consisting of an elder brother, his wife & their 3 small girl-children in a 2-bedroom apartment. Nico is a drug dealer. His brother is the only working member of the family, he is a part-time primary school teacher in a private school

- a) Draw a genogram for this family and show the index member ($\frac{1}{2}$ mark/point=9marks)
- b) What are the families' strengths and weaknesses – state two applicable to Nico, Nico's Brother and Nico's nieces ($\frac{1}{2}$ mark/point= 6 marks)
- c) Write short notes on the five assumption of the structural functional theory (10 marks)

QUESTION 2

- a) State five advantages of community mobilization (5 marks)
- b) Mention five objectives of occupational health nursing (5 marks)
- c) Describe Five roles of the occupational health nurse (15 marks)

QUESTION 3

- a) State three (3) advantages and two (2) disadvantages of conducting a home visit (5 marks)
- b) Mention the principles to be observed when conducting a home visit during the working phase (5 marks)
- c) Discuss five (5) objectives of home visits (15 marks)
